Re: Fitchburg Gas and Electric Light Co., D.T.E. 02-24/25

Dear Ms. Cottrell:

Enclosed please find an original and fifteen (15) copies of a Motion for Protective Treatment over certain printed electronic mail provided in response to AG-RR-1(c) Supplemental. The Confidential materials have been provided in single copy to the Hearing Officer and the Attorney General.

I attempted to ascertain whether this motion would be opposed and the DOER has informed me that they do not oppose the motion. I have not heard back from the Attorney General.

Very truly yours,

**MOTION OF FITCHBURG GAS AND ELECTRIC LIGHT COMPANY  
FOR PROTECTIVE TREATMENT**

NOW COMES Fitchburg Gas and Electric Light Company ("FG&E") and respectfully requests that the Department of Telecommunications and Energy ("Department") grant it protection from public disclosure over certain confidential, competitively sensitive and proprietary information submitted in this proceeding in accordance with G.L. c. 25, § 5D. In support of its Motion, FG&E states:

1. On May 17, 2002, FG&E filed revised tariffs and schedules to implement proposed changes to its Gas Division and Electric Division rates and charges.
2. On August 5, 2002, the Attorney General issued AG-RR-1, which in part sought all correspondence regarding the Princeton Paper bankruptcy.
3. FG&E responded with its hardcopy files, but a later search revealed electronic mail files that could constitute "correspondence" under the Attorney General's request.
4. The electronic mail files were indexed and are Attachments 2 and 3 to AG-RR-1(c) Supplemental.
5. The bankruptcy proceedings that led to the sale and dissolution of Princeton Paper by its parent company also resulted in a settlement of FG&E's pre-bankruptcy petition claims

against Princeton Paper. From an initial claim of over \$6M, FG&E was able to retain a pre-petition deposit (rather than having to return it to the bankruptcy estate) of \$893K. See Tr. 8/23/02 at 1310-1312, 1315-1317. In order to reach that settlement, FG&E entered into settlement negotiations with Princeton Paper. Those settlement discussions were expressly confidential. Therefore, all draft settlement agreements and other documentation between PPC's attorneys and FG&E's attorneys is confidential.

6. In addition, as would be expected, FG&E had significant internal discussion regarding the PPC recoveries from pre-petition debt through post-petition service. Therefore, there are a number of electronic mail exchanges, with attachments, that discuss in significant detail PPC's actual customer usage and billing data. The Department has recognized the need to protect this type of information in this proceeding. Tr. 8/19/02, re: AG-7-23.

7. FG&E requests protection of this information from public disclosure pursuant to Chapter 25, Section 5D of the General Laws of Massachusetts. G.L. c. 25, § 5D is specifically designed to protect against disclosure of competitively sensitive information. That provision, in part, provides:

[T]he [D]epartment may protect from public disclosure, trade secrets, confidential, competitively sensitive or other proprietary information provided in the course of proceedings conducted pursuant to this chapter. There shall be a presumption that the information for which such protection is sought is public information and the burden shall be upon the proponent of such protection to prove the need for such protection. Where such a

need has been found to exist, the [D]epartment shall protect only so much of the information as is necessary to meet such need.

G.L. c. 25, § 5D.

8. FG&E's confidential information regarding the bases of settlement with a bankrupt customer should be protected from public disclosure because it is commercial, competitively sensitive and proprietary information. FG&E provided assurances to the other parties involved in the negotiations that the terms would remain confidential. Moreover the drafts and exchanges that are not incorporated into the final settlement are only marginally relevant: statements made in settlement are not probative for public policy reasons. Protection of this confidential, commercially, sensitive and proprietary information is appropriate pursuant to G.L. c. 25, § 5D.

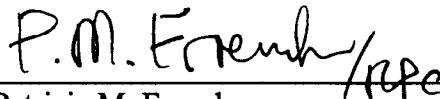

9. The Department previously has recognized the confidential and proprietary nature of a commercial or industrial customer's usage information observing that such information may reveal information relating to a customer's business practices or operations and by giving customers the opportunity to "opt out" of a process whereby distribution companies would provide such information to other competitive suppliers. Investigation by the Department of Telecommunications and Energy on its own Motion into Competitive Market Initiatives, D.T.E. 01-54-A, p. 12 (2001). Disclosure of such information may compromise the customer's position in negotiating with competitive suppliers or provide an unfair advantage to competitors.

10. FG&E's confidential information regarding its customers' load information should be protected from public disclosure because it is commercial, competitively sensitive and proprietary information. This confidential, commercially, sensitive and proprietary information is the type of information that the Department may protect from public disclosure pursuant to G.L. c. 25, § 5D.

**WHEREFORE**, Fitchburg Gas and Electric Light Company respectfully requests that the Department of Telecommunications and Energy grant its Motion for Protective Treatment as stated herein and grant protective treatment over confidential settlement and customer information in AG-RR-1 (c) Supplemental.

Respectfully submitted,

**FITCHBURG GAS AND ELECTRIC  
LIGHT COMPANY**

**Supplemental Response:**

c.) Attached are the documents that conform to the electronic file index provided to the parties at hearings during the week of August 19, and discussed on the record on August 23, 2002. Please note that the index clearly states whether any documents have been deemed confidential or privileged. Attachment 1, provided in a prior response, was the index of previously provided hardcopy files. Attachment 2, attached herewith, is the electronic media index discussed above. Attachment 3 is FG&E's privilege log for electronic media. Confidential documents have been produced in single copy to the hearing officer and the Attorney General pursuant to the confidentiality agreement between the parties. Non-confidential materials are bulk and have been provided in single copy to the hearing officer and the Attorney General.
